

A PEACE OF A MIND

Dr Deandra Cutajar

Data & AI Consultant

ABOUT ME

Hello! I am Dr Deandra Cutajar from Malta, a small island located in the middle of the Mediterranean Sea. I hold a Doctorate in Astrophysics from the University of Malta and currently work in the field of data and AI. The transition from Space to AI was made possible due to the increasing digitization of our world, where data is ubiquitous and AI technology is following suit.
